Orthodox Hebrews of Barre are joining with the faithful followers of Judaism throughout the world in the observance of the great Jewish festival of Shabbath, or feast of weeks. The festival began, in accordance with Jewish religious customs, at sundown last evening, and will continue until sundown this evening. Many Hebrews likewise will observe to-morrow as a supplementary festival. According to Biblical injunction, the feast of the weeks was observed in ancient Palestine as one of the three great harvest festivals. It was celebrated on the fiftieth day after the beginning of the Passover. Upon this festival the first sheaves of various kinds of grain grown in Palestine were offered as thanksgiving sacrifices to the Lord.

An interesting patriotic ceremony is in prospect at the First Presbyterian church, where a service flag in honor of the young men of the parish who are with the colors is to be dedicated at special service Sunday evening. Forty-one soldiers and sailors are to be honored with stars on a flag which measures five by eight feet. A relative or near friend of each soldier or sailor is to remove a paper covering the particular star which represents him in the flag firmament. The pastor will preach a patriotic sermon and Miss Ruth Wyllie is to repeat her recitation of the scriptural passages which won her an award in the memorization contest at the county Sunday school convention last week.

Much enthusiasm has been generated as the result of an announcement that Mrs. Beatrice Forbes-Robertson Hale, the noted lecturer and actress, will be the speaker at the war rally in the opera house Tuesday evening. The local committee is making rapid progress with its arrangements, and it is now expected that the Barre pipe and drum band will provide one of the sources of inspiration for the gathering. Speaking of Mrs. Hale's visit in Burlington, The News of that city says: "Mrs. Beatrice Forbes-Robertson Hale kept her audience on the qui vive Sunday evening as she carried them from one section of war-swept Europe to another, back to America, across seas to Australia and New Zealand, to England, France and then back to America again, in her wonderfully fascinating way."

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.—Adv.
